Dear IPHC Staff;

We are looking forward to the fishing in 2008 and below are three recommendations from our Association:

1. Opening Date of April 1st 2008, Closing Date of November 15, 2008
2. Area 2B TAC be decreased only 10% below 2007 TAC (explanation to follow)
3. That IPHC request accurate removal accountability from all user groups

to assist in better management.

Yours Truly,
